

EU Declaration of Conformity

pursuant to Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste (PPWR)

1. Manufacturer

Company name: **TŘINECKÉ ŽELEZÁRNY, a.s.**

Address: **Průmyslová 1000, Staré Město, 739 61 Třinec, Czech Republic**

Company ID No.: **18050646**

2. Object of the declaration

Packaging systems used for the packaging, protection, securing, handling, storage and transport of steel products manufactured by TŘINECKÉ ŽELEZÁRNY, a.s.

The individual items of packaging and packaging components are purchased from external suppliers. TŘINECKÉ ŽELEZÁRNY, a.s. does not manufacture these items of packaging itself but uses them to create the final packaging configuration for its own products, which is subsequently placed on the market together with the packaged product.

3. Identification of packaging and packaging components

This declaration applies only to packaging and packaging configurations that are clearly identified in the internal packaging register. In particular, it covers the following groups:

- plastic films and covering materials
- textile, plastic or metal straps
- pallets, timber sections, dunnage and other wooden packaging components
- protective components, corner protectors, pads and other auxiliary packaging materials
- other purchased packaging and packaging components listed in the controlled packaging register

Binding wire manufactured by TŘINECKÉ ŽELEZÁRNY, a.s. itself is not covered by this declaration and is addressed by the separate EU Declaration of Conformity VD-1 and technical documentation TD-PPWR-VD-1.

4. Statement of responsibility

This EU declaration of conformity is issued under the sole responsibility of TŘINECKÉ ŽELEZÁRNY, a.s. with respect to the design, selection, combination and use of the specified packaging in the particular packaging systems of its own packaged products.

5. Declaration of conformity

On the basis of the internal conformity assessment carried out and the available supporting documentation from suppliers, we declare that the packaging systems comply with the relevant and applicable requirements of Regulation (EU) 2025/40 of the European Parliament and of the Council, in particular the requirements laid down in Articles 5 to 12, to the extent that they apply to the specific packaging system.

The conformity of the individual purchased items of packaging and packaging components is supported by EU declarations of conformity, technical supporting documents and other documentation provided by their manufacturers or suppliers. These documents form part of the supporting technical documentation for the packaging systems of TŘINECKÉ ŽELEZÁRNY, a.s

6. Supporting documentation for the conformity assessment

- EU declarations of conformity from the individual packaging suppliers,
- technical data sheets, material specifications, test reports and supplier declarations,
- documentation concerning restricted substances under Article 5 of the PPWR, where relevant,
- documentation concerning recyclability and recycled content, where relevant,
- internal register of packaging and suppliers,
- internal overview of packaging configurations and packaging instructions,
- internal assessment of packaging minimisation and packaging system functionality.

Packaging register: TŽ PPWR Packaging Register – current controlled version

7. Provision of documentation

A copy of this EU declaration of conformity and the relevant supporting documentation from suppliers shall, upon a reasoned request, be provided to the competent market surveillance authority or business partner to the extent necessary to demonstrate conformity, taking into account the protection of confidential commercial and technical information.

8. Limitations of validity and change control

This declaration is valid only for packaging systems composed of approved packaging and packaging components from approved suppliers and listed in the current packaging register. Any change of supplier, material, design, surface treatment, dimensions affecting conformity, method of use or packaging configuration requires a review and, where necessary, an update of this declaration.
