

## Recycled Content Declaration

This is to declare the percentage of recycled content in all materials used for steel production at TŘINECKÉ ŽELEZÁRNY, a.s. (TŽ).

For the calendar year 2025, TŽ reports the following percentages of recycled content used in the production of steel:

- Total Recycled Materials: **17,61%** of the total materials used for production.
  - Pre-consumer Recycled Materials: **9,89%**
  - Post-consumer Recycled Materials: **7,72%**

These percentages are based on the total quantity of materials used in the steel production processes at TŽ.
